## SUNSEEKER PREDATOR 54

STYLE: PERFORMANCE MOTORYACHT

ACCOMMODATION: UP TO 6 GUESTS

PERFORMANCE: UP TO 33 KNOTS

Very much an owner's boat, the Predator 54 has been designed for simplicity in operation yet encompassing systems reflecting the higher levels of sophistication. The styling is hot and so is the performance. And if you seek shade as well as sun there's the choice of open or hard top, the former having fold out bimini and tonneau covers, the latter an automated sliding roof between screen and rear section.

Looking at the cockpit plan with wetbar, dining area, expansive sunpad and companion seating, it's easy to think the emphasis is on outdoor living, but step below and the extent of the contemporary design detailing and depth of comfort proves a tempting draw. Open plan in essence, the saloon and galley set the pattern well with insets and highlights in the wall panelling and cabinetry that's finished in a mix of grain and bold lacquer and coloured glass tops. The theme continues through all the guest cabins, the master suite forward in the bow and the twin and Pullman cabins aft which each also have their own flatscreen television and ample storage for clothing and effects – always an important point with Sunseeker.

SUNSEEKER PREDATOR 54

Hotel services are catered for by the genset fitted as standard, so there's no issue with you running refrigeration and air conditioning while at anchor. When zipping between moorings, cruising is fuel efficient at 27 knots while, with the top option of twin 800 PS diesels, 33 knots is within easy reach.

# SUNSEEKER PREDATOR 54

Nipping ashore is made simple too.  
The tender sits on a neat roller arrangement  
in the stern-opening garage and an automated  
system makes light of launching and retrieving.

It's that ease in operation that adds  
to overall performance.
